Connecting India's Defence Potential with Global Opportunities
India

**“India’s Defence
Business –
Decoded,
Delivered, and
Connected.”**

DefenceSpectrumIndia.com is India’s first and only dedicated B2B digital media platform focused entirely on the business of defence, aerospace, homeland security, and dual-use technologies. With a mission to bridge the Indian defence ecosystem with global buyers, suppliers, and strategic stakeholders, the portal delivers incisive industry intelligence, policy analysis, supply chain insights, and exclusive interviews with thought leaders.

Objective:

- To provide monthly insights into India's growing defence-industrial base, public-private partnerships, innovation strategies, procurement trends, MSME contributions, global collaboration opportunities, and export potential. The editorial calendar is designed to:
- Highlight Make in India & Atmanirbhar Bharat opportunities
- Track DRDO, DPSUs, and private sector performance
- Showcase dual-use technologies and innovation clusters
- Provide actionable business intelligence to global and domestic defence stakeholders
